THE
AMERICAN JOURNAL
OF
OPHTHALMOLOGY

INDEX TO VOL. XXI.

1904.

EDITED BY

ADOLF ALT, M. D.

ST. LOUIS, MO.

1904.

INDEX TO VOL. XXI., 1904.

ORIGINAL AND SELECTED ARTICLES.

	PAGE.
Alkohol, subconjunctival injections	92
Amblyopia, sympathetic	210
Anterior chamber irrigator, new modification	193
Atropine versus eserine in glaucoma	229
Cataract, the hereditary element in	76
Cyst, serous of the iris, non-traumatic	68
Dionine, a new ocular analgesic	182
Editorial notes	53
Education for ophthalmic practice	321
Eye strain as a cause of migraine	196
Glaucoma, juvenile chronic	70
Glaucoma, malignant	133
Glioma and the question of rosettes	257
Hæmorrhage from the lacrimal duct	316
Hypermetropia, a very high degree of	373
Hypopyon ulcer of the cornea, prognosis and treatment	336
Iritis, rheumatic, treatment of	173
Keratitis, dendritic	97
Keratitis, hereditary syphilitic, forms and treatment	110
Keratitis, bullosa. Fatty degeneration of Bowman's mem- brane	161
Keratoconus. The treatment of	177
Lacrimal probe. The use and abuse of	277
Magnet, the dangers in extracting fragments of metal	129
One-hand method of testing the tension of the eye	1
Optic neuritis, appearances simulating it in irregular astigmia	225
Removal of the lens in highmyopia	118
Rubberdam for dressing after enucleation	117
Sharp, Samuel, the first surgeon to make a corneal incision ..	289
Sideroscope, an experience with	141
Squint, convergent, a case of overcorrection without operation ..	114
Subluxation of the lens	65
Syphiloma of the ciliary body	3
Unpigmented primary sarcoma of the iris	33
Uveitis in accessory sinus disease	353
Vision, deterioration of during school life	202

SOCIETIES.

American Academy of Ophthalmology and Oto-Laryngology.....	223, 235, 315
American Ophthalmological Society.....	218
British Medical Association	283, 375
Ophthalmological Society of the United Kingdom,	80, 144, 186, 216, 284, 350
Will's Hospital Ophthalmological Society	146

ABSTRACTS.

Anterior capsule, extraction of in cataract operations	339
Arterior-sclerosis and lesions of retina and optic nerve.....	225
Cataract, senile, the safest operation for.....	343
Cervical sympathetic, pathology.....	95
Cervical sympathetic, resection of in glaucoma	95
Choroidal inflammation from excessive use	155
Complications, ocular, in Bright's disease.....	151
Conjunctiva, tumors of	93
Dacryocystitis, modern treatment.....	157
Dental diseases, cause of ocular disturbances.....	191
Diagnosis of tumors of the orbit.....	28
Dionine.....	189
Dionine and acoine	252
External eye diseases due to rheumatism.....	190
Extirpation of the lacrimal sac.	61
Eye strain	29
Eye strain a cause of headaches and neuroses.....	251
Eye strain in lateral curvature of the spine.....	158
Eye strain, malposition of the head, etc., due to	320
Eye strain, non-operative relief of	157
Eye strain, some obscure cases.....	29
Eye strain, torticollis and spinal curvative due to.....	189
Foreign bodies in the eye, removal with magnet.....	250
Glasses, 68 reasons why they did not give relief	85
Gonorrhoeal ophthalmia, treatment.....	156
Granular eyelids, treatment.....	191
Hæmorrhage in the retina in pernicious anæmia... ..	155
Hemeralopia from epidemic parotitis	28
Hemicrania, periodic ophthalmoplegic.....	156
Hot water applied directly to the cornea	251
Influence of heredity on the eye	22
Lacrimal stricture, treatment	58
Lesions of the eye in diseases of the heart, blood vessels and kidneys.....	26
Melanosarcoma of the eyelid, primary.....	92
Morphia hypodermetically in single extraction	339
Myopia; cause, prevention and management.....	25

Optic neuritis, surgical treatment.....	190
Panophthalmitis in typhoid fever.....	21
Pigmentary retinitis.....	21
Present status of subconjunctival injections.....	21
Radium, notes on.....	288
Skin grafting.....	91
Spasmodic entropium.....	91
Squint.....	191
Stereoscopic exercises.....	60
Strabismus, treatment of convergent.....	28
Surgical treatment of high myopia.....	23
Sympathetic, its physiology in relation to the eye.....	125
Syphilis of the eye.....	25
Vascular degeneration, retinal symptoms.....	154
Visual disturbances in brain injuries.....	60
Vitreous, development of.....	152

BOOK REVIEWS.

Reviews	30, 63, 137, 140, 143, 159, 172, 374, 378
